

RX GripKits

Robex's GripKits Safety Flooring systems are widely used across many industries where safety is a priority. RX Grip Kits have prevented accidents on slippery surfaces around the world for over 20 years. Widely used, not only for pedestrian traffic but also for vehicles, forklift trucks and automated handling systems. Can be used on steps, ramps, walkways, fire escapes, upper surfaces of pipes and tanks, pool edges, cab steps, platform edges, level crossings and gantries. Uses specially graded calcined bauxite which does not wear smoothly and retains its grip properties for years.

Features and Benefits

- Will adhere to virtually all building surfaces.
- Exceptionally hard-wearing.
- Supplied in kit form for ease of use.
- Available in fine or coarse aggregate.
- Tremendous adhesion.
- Excellent chemical stability.
- Available in a range of colours.
